Supported by JICA

Date: 2020.1.27 Monday

Time:13:30~16:30

Venue: NEMA, Disaster Research Institute

Language: Mongolian and Japanese with interpretation by Dr.S.Battulga

Mass media: up to NEMA

Object:

The JICA grass-root project “Disaster Awareness Enlightenment Project for Large-scale Natural Disaster Caused by Global Environmental Change in Khovd Province, Mongolia“ has achieved certain results, where the Japanese team and Khovd EMD collaborated in order to find a suitable citizen-led DRR methodology for Khovd. At the end of its first stage (2017-2019), we review the current progress and discuss how to develop in the second stage of the project. We would also like to discuss on the strategy for disseminating nationwide the methods that will soon be established at Khovd, and to decide the division of roles between NEMA, related organizations and Japan team.
